Authorization for this examiner's amendment was given in a telephone interview with Ms. Eileen Lehmann on May 1, 2006.

The application has been amended as follows:

Claim 24 has been canceled.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance.

The prior art does not teach all of the limitations of the claimed invention including providing component regions between respective ones of the head components and a path of travel of the media; providing a support region and providing an insulating layer, or cover member, where wherein the support region comprises removing portions of the insulating layer, or the cover member to form the support regions (as required in each of Claims 1 and 25).

In the IDS filed on February 24, 2006, the reference cited to WO 97/05603, referred to hereinafter as WO'603, does teach providing a base member and forming a plurality of head components. However, WO'603 does not teach forming any support region that further includes providing an insulating member, or cover member, and removing portions of the insulating member, or cover member to form the support regions.

Art Unit: 3729

Accordingly, Claims 1-5, 7-11, 21, 22 and 25 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
